

Party information

Scarf painting is a great group activity that gets everyone in on the fun. Your guests can be trained in 20 minutes, and can paint a scarf in less than half an hour. Then it's back to partying for about an hour while the scarves dry.

Planning your party

Scheduling:

1. Call Paint a Scarf at 1-623-688-1702.
2. Specify the number of guests, date and location.
3. Decide how you want to pay
 - a. Organizer prepays for everyone (discounts available for prepay, see next page)
 - b. Each partygoer pays individually
4. Organizer sends a deposit of \$200 or 20% (whichever is smaller) to hold the date.

Paint a Scarf provides:

1. All supplies and instruction. Guests choose from 4 designs
2. Floor coverings and aprons

Organizer provides:

1. A minimum of 10 painters @ \$39 each
2. A suitable location with adequate lighting and space for painting
3. Any refreshments you may choose to offer

How to pay for the party

Option 1: Organizer prepays for everyone

This is the simplest option. The organizer pays for a set number of guests. The guests pay the host when they arrive.

Prepay parties qualify for discounts:

- Up to 15 painters = \$39/each
- 15 to 30 painters = \$34/each
- 30 or more painters = \$29/each

Prepay party fees are non-refundable. For example, if you pay for 25 guests but only 20 show up there are no refunds. However, 5 your guests will be allowed to paint an extra scarf, since you already prepaid for those 5 scarves.

Option 2: Guests register and pay individually

We can create a special online registration link where your guests can sign up and pay right from their computers or mobile devices. You simply E-mail or text the link to all your guests and the party is on!

As the party organizer, you'll be given a separate link that allows you to view the guest list and see who's signed up (and who's procrastinating).

The price is set at \$39/person (plus a small booking fee to cover the VISA/MC transaction). There is a 10-person minimum.

Note: All private parties require a minimum of 10 painters, or \$390 in revenue, to cover the cost of loading and transporting our van, supplies, staffing, etc. Any shortfalls must be covered by the party organizer.
